PROBE PITTSBURGH FIRE THAT KILLED THIRTEEN WORKERS

Pittsburgh, Oct. 26.—Investigation started last night by city and county

officials into the box factory fire yesterday that took the lives of 12 girl employees and one man and caused serious injuries to eight other persons, were resumed today.

"If there has been any criminal negligence, the guilty shall and must be punished," Mayor Armstrong said.

Two reports showing that the factory was exceedingly dangerous were turned into the department of public safety within the last few months, it was learned. County Fire Marshal

Thomas L. Pfarr said last night that he condemned the structure to city officials last June "as a place unfit to which it was being put."

Hoseman W. H. Kuhlmann, whose duty it was to inspect the building for the fire department, said he reported a few months ago that there were insufficient means of exit.

At the hospital today it was said that two of those who jumped from windows of the factory were expected to die of their injuries.

LONDON NEWSPAPER THREATENS NEW PARTY

London, Oct. 26.—An editorial in the Post today threatens the government with the formation of a new opposition party. The editorial comments on the delay in "jettisoning" the declaration of London, which provides that the character of a vessel is determined by the flag she is entitled to fly and on the govern-

ment's failure to accept suggestions for a smaller and less unwieldy cabinet so as to get away from the present alleged tendency to award conscription. It goes on to say:

"Yet, we seem to remember a time when Asquith showed energy, fire, determination, dash, when he drove peers out of their entrenchments. If he would show against the Germans now something of that old energy, skill and force his government would

be more respected and his cause more prosperous."

LAST PAYMENTS MADE ON BRITISH WAR LOAN

London, Oct. 26.—There was unusual activity at the Bank of England today, owing to the payments on the last instalment of the 4 1-2 per cent. loan issued in June. The last day for

the conversion of consols and the old 3 1-2 per cent. war loan into the new loan falls four days hence, and arrangements were made whereby subscribers could pay in advance with post-dated checks.

No official announcement has been made regarding the form which new government borrowing will take.

The Bank of England earmarked £175,000 for miscellaneous purposes and £100,000 for Egypt.
